RESOLUTION ON AFGHANISTAN

Only a political solution is capable of bringing peace to Afghanistan. The Afghan people must decide on their own path through free elections. We welcome the fact that the government in Kabul has also announced the first steps in the right direction. We welcome the offer of the former King of Afghanistan to assist in the search for peace.

We ask our political friends in Pakistan to help in the search for a political solution.

RESOLUTION ON EAST TIMOR

East Timor remains as an international unsolved problem. The occupation of East Timor has been condemned not only by the United Nations General Assembly Security Council but by many other international organisations.

Human Rights are daily violated: arbitrary imprisonment, deportation, forced resettlement, torture, summary executions, the absence of the right of association and of freedom of expression.

The final Declaration of the Dublin EEC Foreign Ministers meeting last February recalls again the "disquieting reports of human rights violations" in East Timor.

The SI condemns the continuing violation of human rights and the destruction of the cultural identity of the people of East Timor.

The SI supports the right of self-determination of the people of East Timor.
